Foreword to the Second Edition <i>by Lanny L. Johnson</i>	vii
Foreword to the First Edition <i>by James R. Andrews</i>	ix
Preface	xi
Contributors	xv
1 Overview and History of Hip Arthroscopy	1
<i>J.W. Thomas Byrd</i>	
2 Indications and Contraindications	6
<i>J.W. Thomas Byrd</i>	
3 Physical Examination	36
<i>J.W. Thomas Byrd</i>	
4 Adult Hip Imaging	51
<i>Roy E. Erb</i>	
5 Extraarticular Sources of Hip Pain	70
<i>Steve A. Mora, Bert R. Mandelbaum, Levente J. Szalai, Nicholas D. Potter, Archit Naik, Jeff Ryan, and William C. Meyers</i>	
6 Gross Anatomy	100
<i>J.W. Thomas Byrd</i>	
7 Portal Anatomy	110
<i>J.W. Thomas Byrd</i>	
8 Arthroscopic Anatomy of the Hip	117
<i>Richard N. Villar and Nicola Santori</i>	
9 The Lateral Approach	129
<i>Thomas G. Sampson</i>	
10 The Supine Approach	145
<i>J.W. Thomas Byrd</i>	
11 Hip Arthroscopy Without Traction	170
<i>Michael Dienst</i>	
12 Arthroscopic Iliopsoas Release for Coxa Saltans Interna (Snapping Hip Syndrome)	189
<i>Thomas G. Sampson</i>	
13 Hip Arthroscopy in Athletes	195
<i>J.W. Thomas Byrd</i>	
14 Hip Arthroscopy in Adolescence and Childhood	204
<i>Keith R. Berend and Thomas Parker Vail</i>	

15	Unique Populations: Dysplasia and the Elderly	220
	<i>J.W. Thomas Byrd</i>	
16	Complications Associated with Hip Arthroscopy	229
	<i>J.W. Thomas Byrd</i>	
17	Rehabilitation	236
	<i>T. Kevin Robinson and Karen M. Griffin</i>	
18	Clinical Nursing Care	252
	<i>Kay S. Jones</i>	
	Index	267
