

# Contents

<b>1</b>	<b>Introduction to Concept Design</b>	<b>1</b>
1.1	About design, delivery and manufacturing	2
1.2	Visionary cruise liners	4
1.3	The future of home, work and leisure	9
1.4	The biological laundry	11
1.5	Three kinds of concepts	14
1.6	The general objectives of concept creation	19
1.7	The properties of a concept	28
1.8	References	31
<b>2</b>	<b>The Concept Design Team</b>	<b>33</b>
2.1	Team members	35
2.2	Helping the team to work together	44
2.3	Briefing the team	49
2.4	Individual team members	55
2.5	References	56
<b>3</b>	<b>Processes of Product Concepting</b>	<b>57</b>
3.1	Introduction	58
3.2	Three generic design activities with main two phases	59
3.3	Information-intensive process	62
3.4	Concept generation and presentation	64
3.5	Concept evaluation	67
3.6	Iterations and continuity	73
3.7	Timing of concepts	76
3.8	Process for user-experience design at the Nokia research center	78
3.9	IDEO's Deep Dive process	80
3.10	Decathlon ImagineW	82
3.11	References	90

---

<b>4</b>	<b>User Information in Concepting</b>	<b>91</b>
4.1	Frameworks for user information _____	93
4.2	Collecting user information _____	99
4.3	Interpreting user information _____	104
4.4	Relationship between users and designers _____	108
4.5	Concepting in an in-car communications user interface _____	115
4.6	Four-wheel kick-bike concept development _____	123
4.7	References _____	130
<b>5</b>	<b>Strategic Concepts in the Automotive Industry</b>	<b>133</b>
5.1	Concepting in the car industry _____	134
5.2	Strategic functions of concept cars _____	136
5.3	Design concepts at Volvo _____	139
5.4	Revololution _____	145
5.5	Recent Volvo concepts – design in evolution _____	149
5.6	Concluding remarks _____	155
5.7	References _____	155
<b>6</b>	<b>Concepts in Uncertain Business Environments</b>	<b>157</b>
6.1	Introduction _____	158
6.2	Uncertainty and new product development _____	159
6.3	Product development concepting in uncertain conditions _____	163
6.4	Finding the optimum concepting strategy _____	170
6.5	Conclusion _____	172
6.6	References _____	175
<b>7</b>	<b>Vision Concepts</b>	<b>177</b>
7.1	Concept development outside the research and development time frame _____	178
7.2	Vision concepting process _____	180
7.3	Six global scenarios _____	187
7.4	Concepts for short-range mobility and robotics _____	189
7.5	Conclusions _____	194
7.6	References _____	195
	<b>Contributor Biographies</b> _____	<b>197</b>
	<b>Subject Index</b> _____	<b>201</b>
