

Table of Contents

Part 1: Clinical and Technical Principles

Introduction	1
Principles of PET/CT Imaging	3
A future for PET/CT	12
PET/CT Image Acquisition Protocols and Imaging Data Workflow	21
Acquisition Schemes for Combined ¹⁸ F-FDG-PET/CT	30
From FDG-PET to FDG-PET/CT Imaging	46
Normal Pattern and Common Pitfalls of FDG-PET Image Interpretation	54

Part 2: Atlas

Chapter 1: PET/CT Image Artifacts

Cases:

1.1 Cardiac Pacemaker	66
1.2 Hip Prosthesis	68
1.3 Dental Artifact	70
1.4 Permanent Central Intravenous Line Artifact	72
1.5 Respiratory Motion Artifact	74

Chapter 2: Physiological Variants

Cases:

2.1 Brown Fat	80
2.2 Vocal Cord Activity	82
2.3 Rebound Thymic Hyperplasia	84
2.4 Blood Pool Activity	86
2.5 Thyroid Uptake	88
2.6 Post-Surgically Altered Anatomy	90
2.7 Post-Surgical Variant	92
2.8 Pancreatic Mass	94

Chapter 3:

Anatomical Masses vs. Viable Tumor

Cases:

3.1 Eccentric Tumor Viability	100
3.2 Tumor Viability	102
3.3 Liver Cyst	104
3.4 Tumor Viability	106
3.5 Tumor Necrosis	108
3.6 Partially Necrotic Nasopharyngeal Carcinoma Metastasis	110
3.7 Partially Necrotic Lung Metastasis of Glioblastoma Multiforme	112

Chapter 4: Cancers of Head and Neck

Cases:

4.1 Squamous Cell Carcinoma of the Tongue	118
4.2 Thyroid Cancer	120
4.3 Neuroendocrine Tumor	122
4.4 Tonsillar Squamous Cell Carcinoma	124
4.5 Salivary Duct Carcinoma	126
4.6 Squamous Cell Carcinoma	128

Chapter 5: Solitary Pulmonary Nodules

Cases:

5.1 Solitary Pulmonary Nodule	134
5.2 Solitary Pulmonary Nodule	136
5.3 Hamartoma	138
5.4 Coccidiomycosis	140
5.5 Solitary Pulmonary Nodule	142

Chapter 6: Lung Cancer 147

Cases:

- 6.1 Lung Cancer 148
- 6.2 Lung Cancer 150
- 6.3 Mucin-Producing Adenocarcinoma of the Lung 152
- 6.4 Lung Cancer and Granuloma 154
- 6.5 Malignant and Benign Diseases 156
- 6.6 Carcinoid 158
- 6.7 Status post Pneumonectomy 160
- 6.8 Pleural Carcinomatosis 162
- 6.9 Mesothelioma 164

Chapter 7:

Cancers of the Gastrointestinal Tract . . . 169

Cases:

- 7.1 Cholangiocarcinoma 170
- 7.2 Esophageal Cancer 172
- 7.3 Esophageal Carcinoma 174
- 7.4 Rectal Cancer 176
- 7.5 Gallbladder and Pancreatic Cancer . . . 178
- 7.6 Residual Tumor Viability 180
- 7.7 Gastro-Esophageal Cancer with Unexpected Distant Disease . . . 182
- 7.8 Metastatic Rectal Carcinoma 184
- 7.9 Colon and Hepatocellular Cancer . . . 186
- 7.10 Pancreatid Cancer 188
- 7.11 Gastric Cancer 190
- 7.12 Carcinoma of the Appendix 192
- 7.13 Small Liver Metastasis from Colon Cancer 194
- 7.14 Recurrent and Metastatic Colon Cancer 196
- 7.15 Rectal Carcinoma 198
- 7.16 Sigmoid Colon Cancer 200

Chapter 8: Lymphoma 205

Cases:

- 8.1 Lymphoma 206
- 8.2 Chronic Myelogenous Leukemia 208
- 8.3 Hodgkin's Lymphoma 210
- 8.4 Treatment Response 212
- 8.5 Localization of Malignant Lymph Node . 214
- 8.6 Lymphoma 216
- 8.7 Non-Hodgkin's Lymphoma 218
- 8.8 Lymphoma Staging 220
- 8.9 Contrast PET/CT of Hodgkin's Disease 222
- 8.10 Hodgkin's Lymphoma 224

Chapter 9: Cancers of the Skin 229

Cases:

- 9.1 Melanoma 230
- 9.2 Melanoma 232
- 9.3 Restaging Melanoma 234
- 9.4 Metastatic Melanoma 236
- 9.5 Ocular Melanoma 238

Chapter 10: Breast Cancer 243

Cases:

- 10.1 Extensive Metastatic Disease 244
- 10.2 Lung and Bone Metastases 246
- 10.3 Metastatic Breast Cancer 248
- 10.4 Internal Mammary Lymph Nodes 250
- 10.5 Breast Implants 252
- 10.6 Inflammatory Breast Cancer 254
- 10.7 Benign and Malignant Masses 256
- 10.8 Two Primary Cancers 258

Chapter 11: Gynecological Cancers 263

Cases

- 11.1 Fallopian Tube Carcinoma 264
- 11.2 Widespread Metastatic Ovarian Cancer . 266
- 11.3 Metastatic Ovarian Cancer 268
- 11.4 Cervical Cancer 270
- 11.5 Ovarian Cancer 272
- 11.6 Uterine Cancer 274

Chapter 12:

Cancers of the Genito-Urinary System . . 279

Cases:

- 12.1 Prostate Cancer 282
- 12.2 Renal Cell Carcinoma 284
- 12.3 Renal Cell Carcinoma 286
- 12.4 Bladder Cancer 288
- 12.5 Testicular Cancer 290
- 12.6 Transitional Cell Cancer 292

Chapter 13: Benign Diseases 297

Cases:

- 13.1 Osteopoikilosis 298
- 13.2 Inflammation, Infection 300
- 13.3 Foreign Body Reaction 302
- 13.4 Uterine Fibroid 304
- 13.5 Fistula 306
- 13.6 Sarcoidosis 308
- 13.7 Tubular Adenoma 310
- 13.8 Fibrous Displasia 312
- 13.9 Pneumonia 314
